NASW Press Policy on Ethical Behavior

The NASW Press expects authors to adhere to ethical standards for scholarship as articulated in the NASW *Code of Ethics* and *Writing for the NASW Press: Information for Authors.* These standards include actions such as

- taking responsibility and credit only for work they have actually performed
- honestly acknowledging the work of others
- submitting only original work to journals
- fully documenting their own and others' related work.

If possible breaches of ethical standards have been identified at the review or publication process, the NASW Press may notify the author and bring the ethics issue to the attention of the appropriate professional body or other authority. Peer review confidentiality will not apply where there is evidence of plagiarism.
